TENNIS

FACILITY ... Our tennis facility is unsurpassed in the area. Our tennis courts are arranged in three separate bays with spacious viewing lounges. Abolite indirect lighting provides award winning illumination ... clearly the best in town.

PROGRAMS ...The Club offers many and varied programs for the beginner to the highly competitive player in singles, doubles, and mixed doubles. We arrange groups so each person may enjoy tennis at his or her own skill level. We utilize the USTA / NTRP national rating scale to determine proficiency. This assures a compatible game at this club, as well as at any club in the country. A wide variety of programs include organized leagues, USTA interclub competition, mixed doubles at night, and an early bird special. Many of our members prefer to arrange their own games; however, if you need assistance, we will be happy to help you find a compatible group.

PROFESSIONALS ... Our skilled professionals teach both private and group lessons utilizing the latest teaching techniques. They provide the best instruction in the area for the novice, intermediate and advanced player. Let them help you become a better tennis player!

RACQUETBALL

FACILITY ... The club has five Terstep panel racquetball courts, including two with glassed-in viewing. A pleasant adjoining lounge affords a relaxing atmosphere before and after competition.

SAFETY ... Eye guards and wrist straps are required at all times. Black soled shoes and black racquetballs are prohibited.
